FibroTech wood-wool cementboards  
**100 % natural**

## FIBROTECH ACOUSTIC BOARDS

FibroTech wood-wool cement adds excellent acoustics to the room and are suitable for any kind of building as lining on inside ceilings, vaulted or not, offices, any room with hard flooring, ceilings, halls, roofed terraces, sports centres, garages, stables etc.

FibroTech wood-wool cement boards are made of wood wool, water and the finest, white cement from Aalborg Portland, combining constructional strength with natural properties.

There are many application possibilities as the boards are available with different edges and in various dimensions and colours.

All our wood-wool cement boards can be supplied with or without mineral wool backing.

All of our cement boards are CE-marked and also meet the fire safety requirements for fire class K<sub>10</sub> Bs1 - d0.
